

## About Small Groups

**Getting connected** at Building Church means participating in a small group. Small groups provide a setting to build dynamic relationships and apply Biblical principles to daily life. Small groups allow Building Church to grow smaller as we grow larger.

**What are the groups about?** Our groups are as varied as we are; group leaders use their gifts and passions to create a group that allows others to join with them in serving God. Whatever your age or interest – Bible study, cooking, prayer, golf, weight training, outdoor events there are several groups that you can connect with.

**When can I join one?** New groups start three times a year – spring, summer, and fall semesters. Most groups are open to new members throughout the semester. Find a group, contact the leader, and get going!

Acts 5:42 tells us that the people met “in the temple courts” and “from house to house”. Small groups were vital to the church’s growth then, and they are just as vital now.

**Groups will start the week of January 29, 2012.**

## Characteristics of Small Groups

- They meet weekly.
- They have 3 or more people attending, including the leader.
- They develop and identify an assistant leader.
- The group meeting includes one or more of the following: prayer, worship, Bible study, and/or testimonies.
- Unless otherwise specified, the group welcomes new people into their meetings.
- They are supported by church pastors and elders.
- They develop group members into future leaders.
- They encourage members to invite people who are outside the church.
- They complete their topic by the end of the semester.
- They grow.
